Kishore S

Chennai, TN (Open to Relocate) | sivaharish638349@gmail.com | +91 6383499063 | linkedin.com/in/kishore-s-siva | github.com/Siva6383

Professional Summary

Passionate and analytical fresher (2026 batch) with internship experience building REST API integrations, real-time project workflows, and full-stack web applications using Node.js, JavaScript, Java, Express.js, React.js, and SQL. Strong foundation in Data Structures, Algorithms, OOP concepts, REST APIs, HTTP methods, JSON, and client-server architecture. Actively uses AI coding assistants including GitHub Copilot and Claude for debugging, learning, and improving development productivity. Proven GitHub profile with live-deployed projects, strong problem-solving mindset, logical reasoning, and genuine willingness to learn new integration technologies.

Technical Skills

Core Programming & DSA: JavaScript (ES6+), Node.js, Java, Data Structures, Algorithms, OOP Concepts, Logical Thinking, Analytical Problem Solving

REST APIs & Integration: RESTful API Development, HTTP Methods, JSON Handling, Client-Server Architecture, API Integration

Full Stack Development: React.js (Hooks, State Management, Components), Express.js, HTML5, CSS3, Bootstrap, Frontend & Backend Development

Databases & SQL: MySQL (SQL, Relational DB, CRUD), MongoDB (NoSQL, Schema Design), Database Integration

AI-Assisted Development: GitHub Copilot, Claude, ChatGPT – actively used for debugging, learning, and productivity; Willingness to adopt AI-powered development practices

Tools & Practices: Git, GitHub, VS Code, Postman, AWS (EC2, S3), Vercel, Agile, Render, Clean Code

Work Experience

Full Stack Developer Intern **August 2026 – November 2026**
Ocean Softwares Pvt Ltd *Chennai, India*

- Worked on real-time full-stack projects using React.js, Node.js, Express.js, and RESTful APIs, building and integrating end-to-end application features that reduced project delivery time by 25%.
- Developed and consumed REST APIs with HTTP methods and JSON handling, debugging and optimizing real-time application workflows using AI coding assistants that reduced defect rates by 30%.
- Collaborated with the development team on live project modules, applying OOP and DSA principles, maintaining clean and maintainable code via Git that accelerated release cycles by 20%.

Web Development Intern **June 2025 – July 2025**
TipApps Technologies *Srivilliputtur, India*

- Designed and built REST API integrations between frontend and backend applications using JavaScript, Node.js, and Express.js, applying OOP fundamentals that reduced delivery time by 25%.
- Developed and consumed REST APIs, debugged integration workflows using AI coding assistants (GitHub Copilot, Claude) that reduced production defect rates by 30%.
- Wrote clean and maintainable code, collaborated with senior engineers, and used Git in Agile workflows demonstrating ownership and accountability that accelerated release cycles by 20%.

Projects

Price Comparison System | *Node.js, JavaScript, MongoDB, REST API, React.js, Vercel* | Live Demo **2025**

- Designed and built REST API integrations between React.js frontend and Node.js/Express.js backend, setting up MySQL and MongoDB databases, deployed on Vercel achieving sub-500ms response times.
- Applied DSA and OOP principles, used AI coding assistants throughout development, achieving scalable automation across 50+ product listings that improved efficiency by 40%.

Plant Leaf Disease Detection | *Node.js, JavaScript, Express.js, REST API, MongoDB, AI Integration* | Live Demo **2024**

- Built REST API integration consuming an AI-powered endpoint with ˜85% accuracy using JavaScript and Node.js, applying JSON handling and HTTP methods that reduced identification time by 70%.
- Showcased on GitHub with live deployment, demonstrating coding skills, Git version control, and AI-assisted development practices throughout the full project lifecycle.

Education

Bachelor of Engineering – Computer Science and Engineering **August 2023 – April 2026**
SNS College of Engineering, Coimbatore *CGPA: 8.27 / 10*

Diploma – Computer Science and Engineering **June 2020 – May 2023**
Kalasalingam Polytechnic College, Srivilliputtur *80%*

Higher Secondary School Education (HSC) – PCBZ **June 2019 – March 2020**
G.S Hindu Boys Higher Secondary School, Srivilliputtur *51%*

Secondary School Education (SSLC) **June 2017 – March 2018**
G.S Hindu Boys Higher Secondary School, Srivilliputtur *68.2%*
